

# Locked

# We help college students study together

## The Problem

Many U.S. undergraduate students use collaboration as a study tool for academic success, but often find the **formation, scheduling, and planning** of such groups quite **difficult**

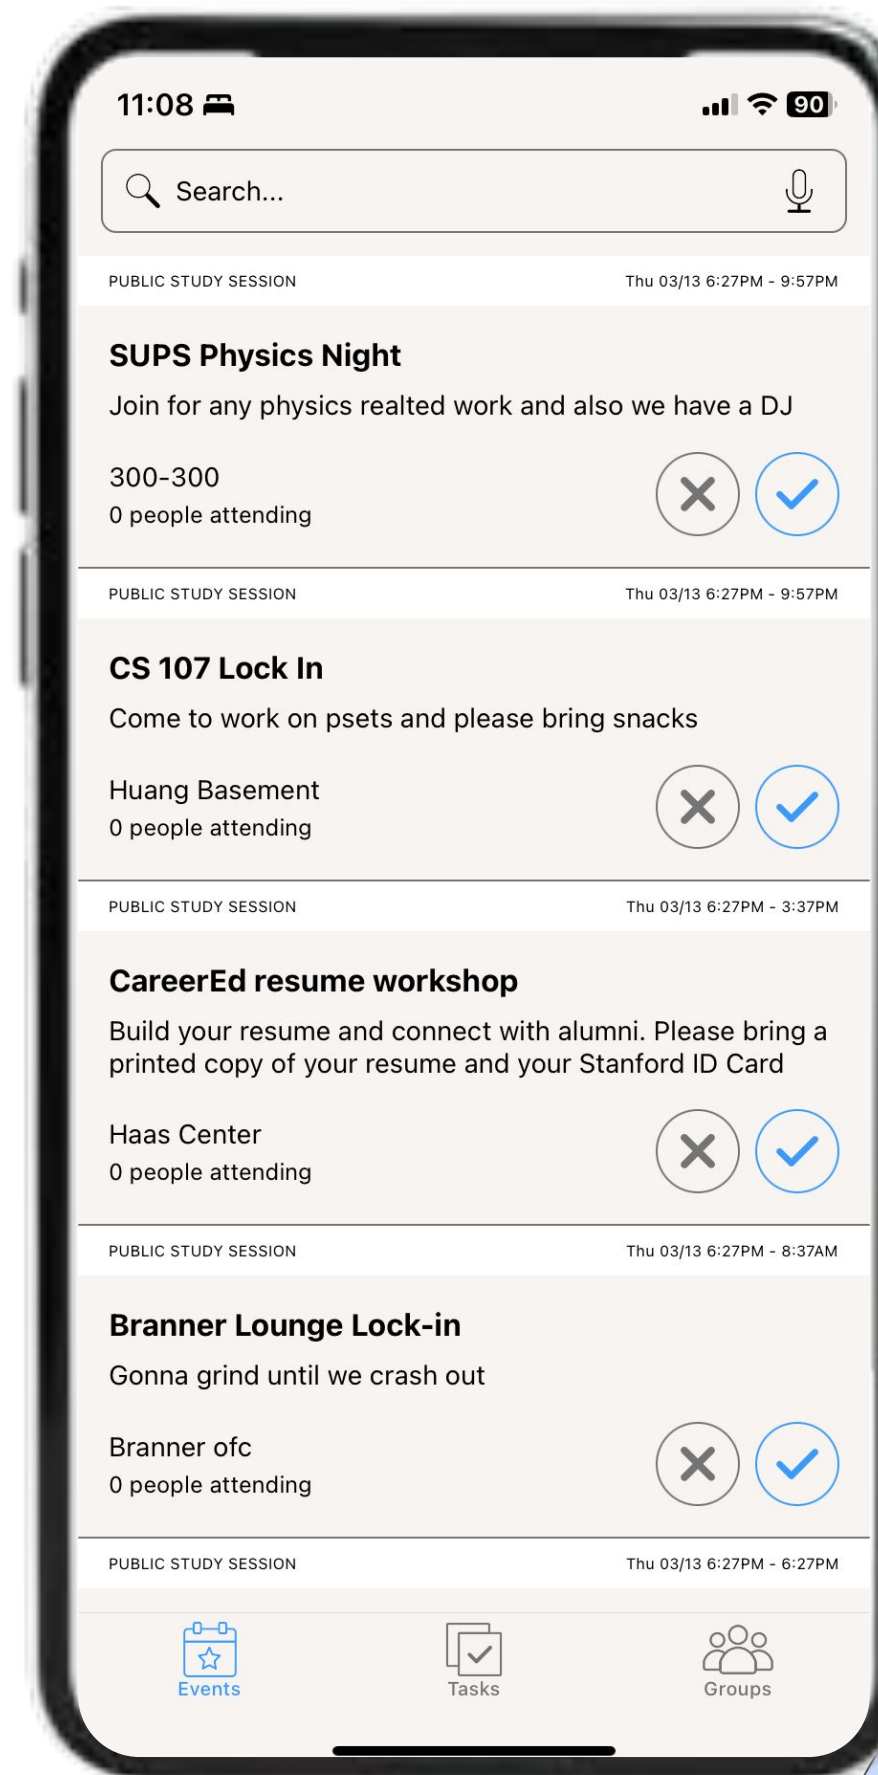

## Our Solution

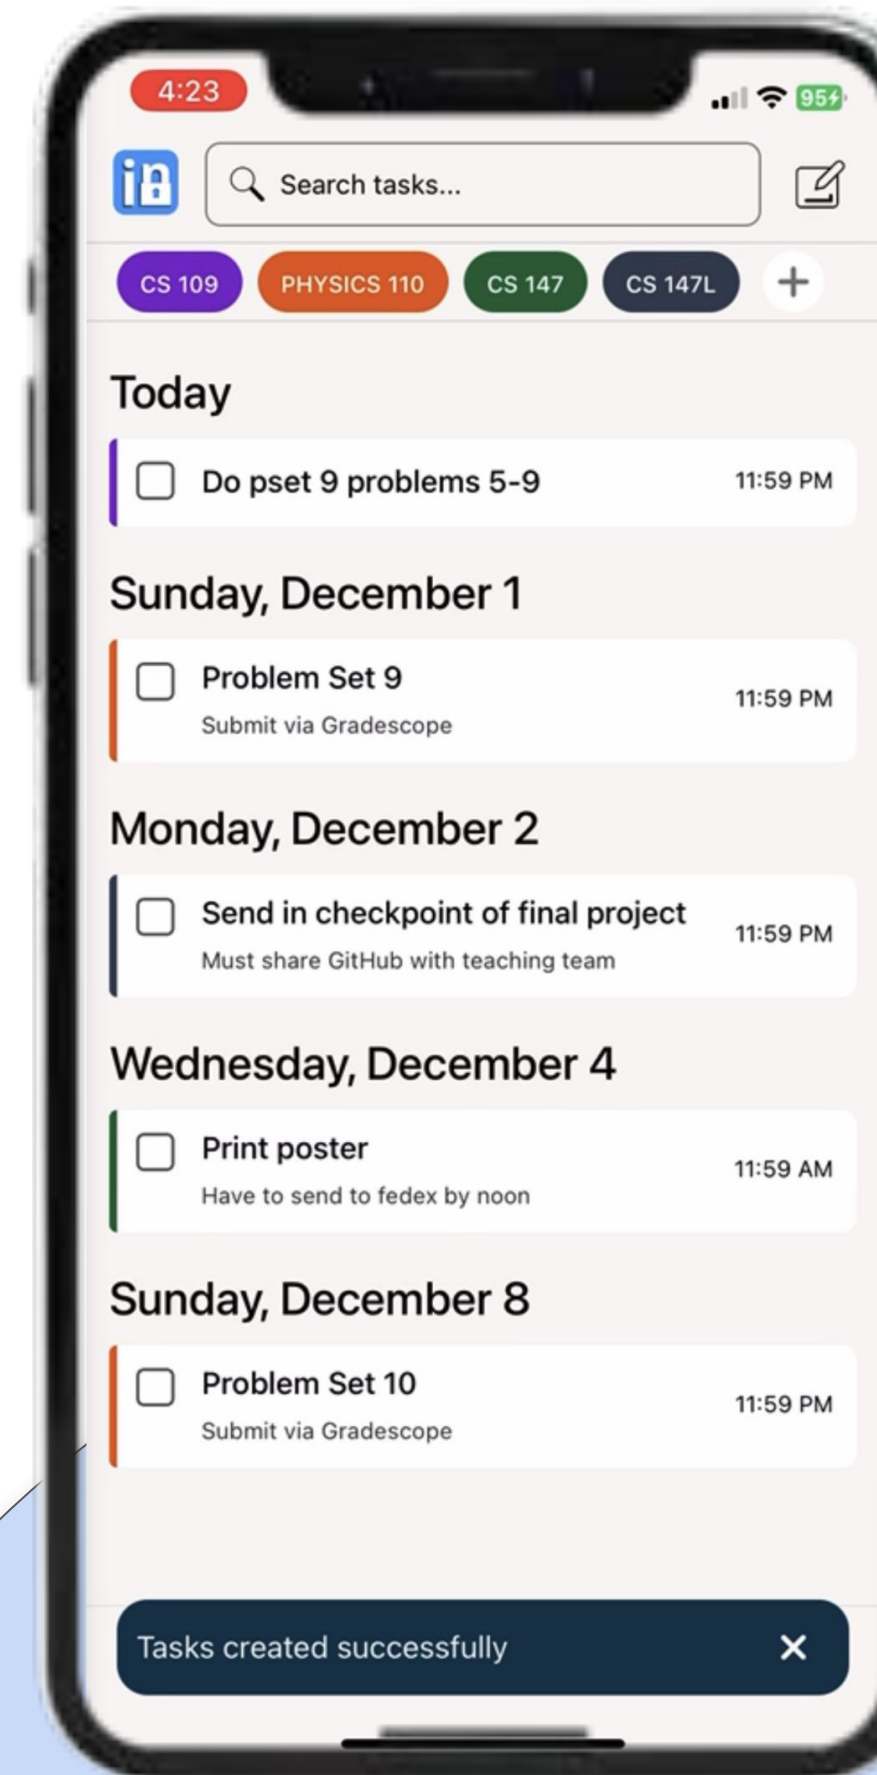

A centralized platform to foster academic partnerships with **pre-planned** and **convenient** study group sessions using preferences, schedules, and learning styles

## Key Features

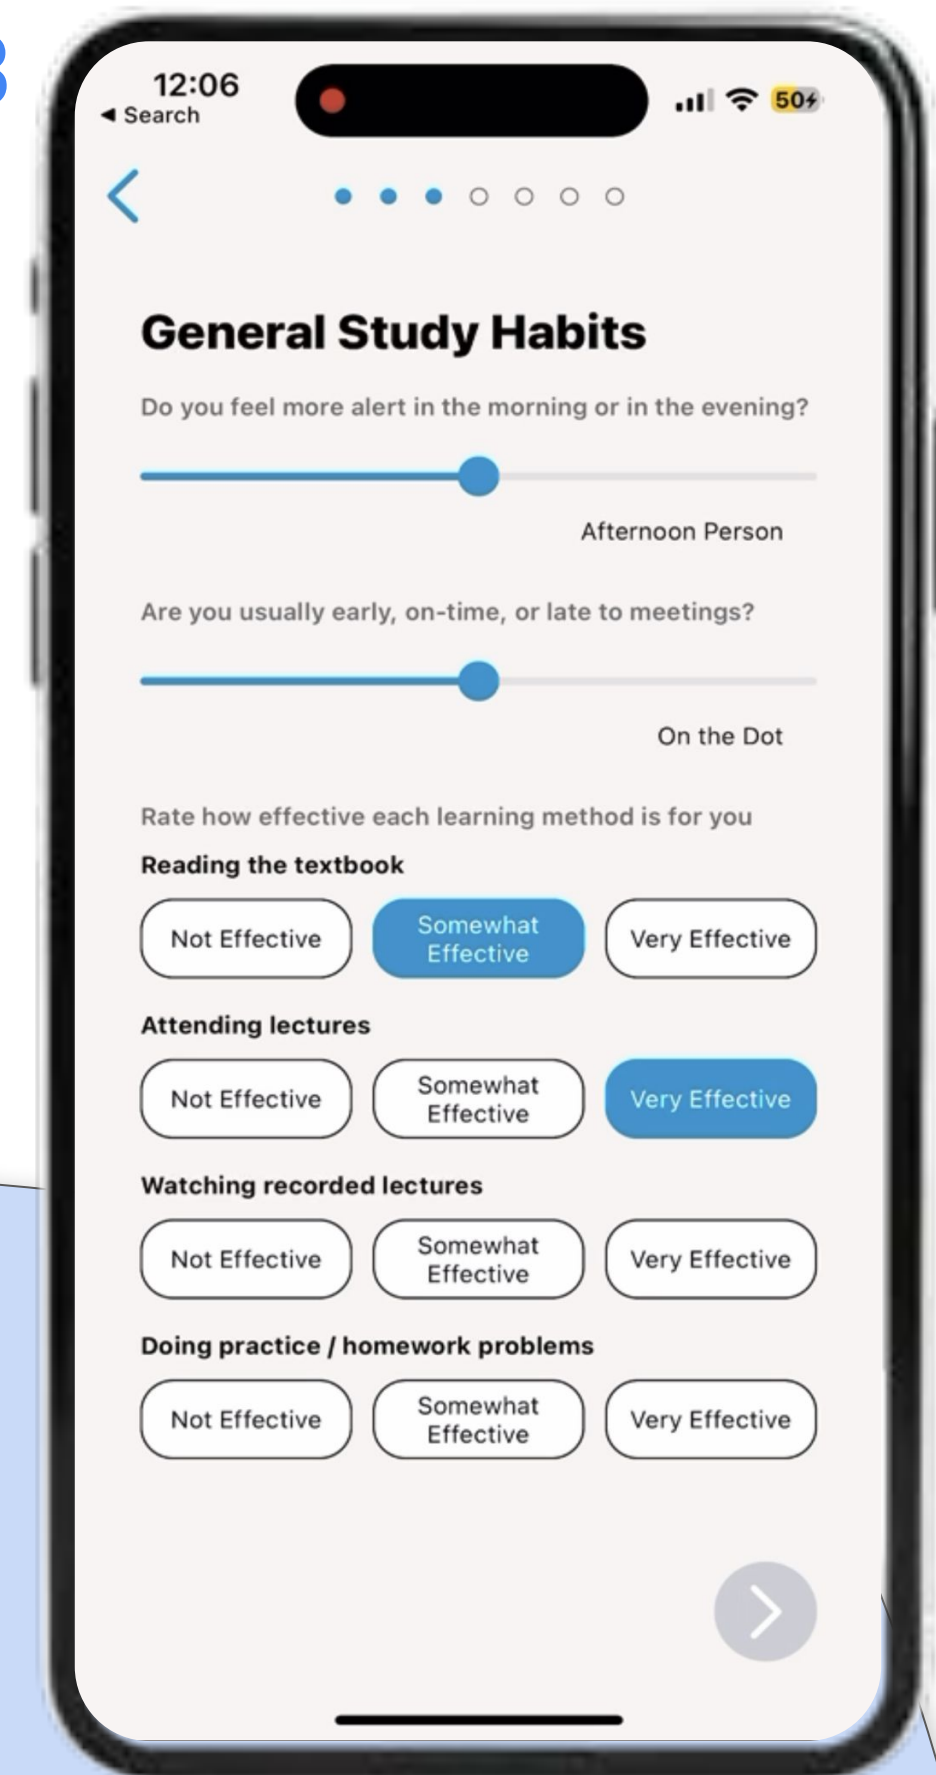

1

2

3

1

Discover and  
create **study  
sessions** for a  
class

2

Upload class syllabi and assignments to get AI powered **study plans**

3

Create a study profile and get matched with recurring partners and **study groups**
